## People for Proper Policing in North Wales

Antisocial policing is rife and takes many forms. The shots below show four typical Arrive Alive abuses of the speed Camera guidelines to persecute tourists traveling home through North Wales. They will spend even more money in Wales than they planned. What a cynical distortion of 'Croeso Cymru'.

**Pentraeth**

All these locations are aimed at safer = faster sections of a TOURIST route. All are at HOLIDAY WEEKENDS. All break the guidelines. This must therefore be a planned policy from the Police Managers/partnership!
