North Wales Police have issued CCTV stills of a man they want to trace in connection with an alleged robbery at a toilet block in Wrexham in November.

At around **12:45pm on Tuesday 11th November 2008** an incident occurred in the Albion Car Park toilets on St Giles Road whereby a man was approached and had **his wallet, containing a small amount of cash and personal items stolen**.

The offender is described as being in his early 30s; about 6ft tall, of medium build. He was wearing a white baseball cap with a dark coloured peak; **a two tone coloured top, which was black in the middle with white sleeves**, and blue jeans. He was said to be carrying a khaki coloured holdall over one shoulder.

DS Arwyn Jones of Wrexham CID said: *"We have released these images in the hope somebody will recognise the man and come forward. He was seen hanging around the toilets and the nearby telephone box for a considerable time before the incident took place and we are keen to speak to anyone who may have seen him or who may have information relating to the incident to contact us."*

No one was injured during the incident. Anyone with information is asked to contact DS Jones at Wrexham CID on 0845 607 1001 (Welsh line) 0845 607 1002 (English line) or Crimestoppers anonymously on 0800 555 111.

**NWPF Note:** The images show the man's top as being **pink** – please note that this is due to the camera. The top is actually **black** in colour.

**The PPP comments .... £millions spent on CCTV ... is this the best they can do?, why the colour mismatch? and 2 months delay? Another real case of Perception vs Reality! For the CC's perception of CCTV go to ...**
