The information below is currently on the NWPF website as of January 26th 2009

Welcome to the North Wales Police Freedom of Information Responses website.

This online resource is a record of responses to requests received under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004.

Making these responses available to the wider community will provide a greater understanding of the work of North Wales Police plus the type of information North Wales Police holds. This response log is divided into individual entries and is logged within the year the response was requested. **Responses are published in the order of completion.**
