People for Proper Policing in North Wales

Precis from NWPF helilog ex website from 22/05/09 to 09/09/09

683 searches in total

206 missing person searches

257 suspect searches

104 incident investigations

66 photographic tasks

61 command & control events

52 community events.

The PPP comments we report this information as of interest to members of the force doing more mundane or difficult tasks and for members of the public in North Wales who pay for this expensive and high profile asset. We are not qualified to comment on it's value for money or it's priorities. We do appreciate and support the principle of sharing the use and costs of this asset with neighbouring police forces
